

Summer Highway Project

Joe Keller

ODOT has some highway construction work scheduled that will affect Highway 224, and may cause delays travelling to the Club. At SE 197th, between Carver and Barton, work will be done to realign Hwy 224 to help prevent crashes. This is in the "curves," along the river. The work will begin in June, and is expected to finish by November. ODOT warns to expect daytime single lane closures with flaggers over two weekends, and night time and weekend lane closures for the duration of the project.

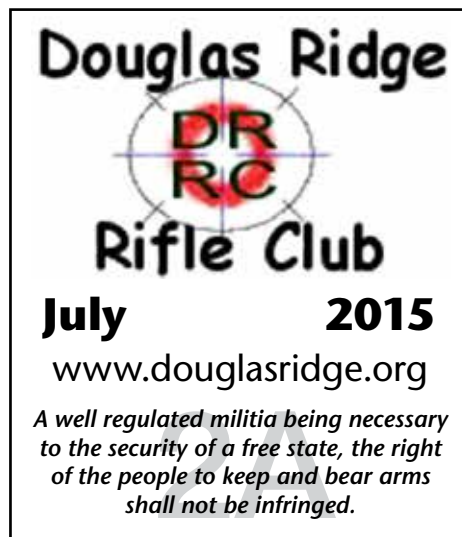

Possible alternatives are using Hwy 212 to SE 232nd Dr., then SE 232nd to Hwy 224, or travelling from the Carver bridge to the Barton bridge south of the river on S. Springwater Rd. and S. Bakers Ferry Rd.

I understand a lot of you have to work on your own job during the week days. Let's work on Saturday and Sunday. You not only get your work hours credits,
